3. Reminder from Dr. Morton: With the arrival of the warmer weather, students must remember the dress code and what is appropriate and inappropriate for school. Short shorts, bare midriffs, spaghetti strap shirts/dresses, overly revealing shirts are not acceptable to wear during school. Anyone with questions may contact house principals.

4. Students are reminded that it is their responsibility to clean out their hall and gym lockers at the end of the year and to take responsibility for any school books, materials, uniforms, and equipment-any school-issued property to the appropriate teachers. Students who do not empty their lockers themselves will lose any books and personal effect left in the lockers at the end of the school year. No notice will be given. No items will be saved. Cherry Hill West does not clear books left in lockers. Extra trashcans will be placed in the halls.

5. The West Robotics Team is looking for students that are interested in designing, engineering, building, and programming robots for the 2017 - 2018 school year. We are meeting this year to understand the process of building and to learn the programming software needed for Vex Robotics. This is a fun and exciting opportunity for students that may have interest in this wonderful STEM club to learn new skills, such as programming and engineering, and to enhance

their problem solving skills as we compete against other schools in the area. You may sign up on our website: <http://chwestrobotics.weebly.com> or email Mr. Broadbelt at kbroadbelt@chclc.org if you have any questions or concerns or during LB2 on Days 1,3,5, & 6 in Room D-10.
