September 2021

Dear Parents/Guardians,

Pursuant to state code (*NJSA 18A:7C-6.6*) all school districts in New Jersey must provide information regarding state assessments or commercially-developed assessments that will be administered during the academic year. The Cherry Hill Public School District administers a wide variety of state mandated and commercially-developed assessments to the students. These standardized assessments are one piece of the educational measures that are used to evaluate student success. As a district we believe that our students' classroom experiences, interacting with their teachers on a daily basis, and their subsequent performance on teacher and district developed assessments provide a clear and well-rounded picture of students' achievement.

Please see the enclosed chart of state and commercially-developed assessments that shall be administered to students during the 2021-2022 academic year. If you have any questions, please contact your child's principal.

Regards,

Dr. Farrah Mahan
Assistant Superintendent

Dr. Kwame Morton
Assistant Superintendent

Chart of State and Commercially-Developed Assessments
