

## Cherry Hill Public Schools

### Quick Minute March 25<sup>th</sup>, 2020 Video Transcript

Hello everyone, this is Joe Meloche, Superintendent of the Cherry Hill Public School District. Today is Wednesday, March 25<sup>th</sup>, and this is another quick minute. I've had a lot of questions recently from folks who want to know how long are schools going to be closed and the honest answer is we don't know yet, we are at the will of the Governor right now who has closed schools indefinitely. At this point, I expect we will have some sort of discussion during the week of April 13<sup>th</sup> about next steps for when we may be able to reopen.

I am hoping that everyone is continuing to work hard and that you are staying in touch with your teachers and the schools. It's been amazing for me to see all the great things that are going on at home, innovations that you have tried, the things that you have learned. Please continue to share with us and stay connected with us through social media or email us and while you're staying connected electronically, please make sure that you talk to people, reach out and talk to your neighbors, loved ones, and family members because it's important that we continue to move through this together.

As an important note, all State Testing has been canceled this year. This has been a minute.
