

Superintendent Outlines Lesson Expectations as School Closure Continues

Cherry Hill Public Schools

Video Transcript

Hello everyone, this is Joe Meloche, Superintendent of the Cherry Hill Public School District. Today is Friday, April the 17th and I am here with a quick update. First, Governor Murphy announced yesterday that all schools in the state will remain closed until at least May the 15th. We will continue to evaluate what we are doing and looking at the programs and activities that are normally scheduled between now and May 15th and between now and the end of the Academic Year. We are committed to celebrating this year's Senior class. We're committed to a graduation ceremony to honor these children and their families for their accomplishment. In the interim, we continue with our Continuity of Learning Plan. There has been a lot of changes, please make sure that you check your email and stay aware of what's going on. If you look at the Covid-19 button on our website, there's a Continuity of Learning guide for parents and for family members to better understand what the program is in the schools. Please make sure you also check out on our website and see the Signs of Support slide show that's on there and check out our High School East artists to see the wonderful art that they have produced. This has been a minute.
