August 2020

Dear East Community,

We hope that you are enjoying a relaxing summer!

In the Spring, students selected courses during the scheduling process with their School Counselor **and as approved by a parent/guardian**. Below see the deadlines for course changes as outlined in the High School Course of Studies Guide available online on the Cherry Hill School District Website.

Scheduling Process

A. COURSE CHANGES - Any requests for a schedule change from one subject to another were to be made by the second Friday in July. **This date was Friday, July 10th, 2020.**

B. DROP/ADD PERIOD - There will be a drop/add period during the first two cycles (twelve school days) of school. **This date is Thursday, September 24th 2020.** You may request to make changes via the Guidance Department by filling out a Request Form available on the Cherry Hill High School East website at <https://east.chclc.org/>. Please scroll down to “East News” and select “Click **HERE** to request an East Course Selection Change.”

C. LEVEL CHANGES - After the drop/add period, students cannot request a level change until the end of the first interim period (mid-October). **These dates will be October 4th, 2019 through November 18th, 2019.**

Counselors will address these requests for change when they return to school from the summer.

Sincerely,

Dr. Dennis Perry,
Principal
