Dr. Kwame R. Morton, Sr., Principal

March 4, 2020

Dear Parents,

Today, March 4, 2020, an issue with the stability of the metal sheathing on the exterior of the wall at the back of the "scene shop," backstage in the Cherry Hill High School West Auditorium, was discovered.

Our architect and consulting engineers determined the issue does not present a danger in using the auditorium. However, to stabilize the sheathing, two backhoes have been placed against it temporarily as an added precaution. Additional precautionary measures are forthcoming. Repairs to the sheathing will begin as soon as possible.

The shows scheduled for the auditorium will continue as planned, including this weekend's opening of High School East's production of *Legally Blonde*.

Please feel free to call me with any questions.

Sincerely,

Dr. Kwame R. Morton, Sr.
Principal, Cherry Hill High School West
