

PUBLIC INPUT AT BOARD OF EDUCATION MEETINGS

Opportunities for public input:

- Each Action Meeting includes two opportunities for public input:
 - The first public input session precedes the Action Agenda. Comments made in this session are restricted to **Board Action Agenda items ONLY**.
 - The second public input session is at the end of the meeting; comments made in this session may be on any topic.

Addressing the Board:

- Students will be given the first opportunity to speak.
- Please speak into the microphone and clearly state your name and address.
- If speaking for an organized group, identify the group.
- These public input sessions are the public's opportunity to provide suggestions and comments to the Board of Education, and not intended to be a dialogue, or a question-and-answer session. In the event you have a specific question, you may submit it at <https://www.chclc.org/domain/997>

Time:

- Each speaker will have a maximum of three minutes to speak.
- When the timer light turns yellow there are thirty seconds left to speak.
- When the timer light turns red, the speaker's three minutes is up. Please conclude your comments.

Acting as civil models of decorum:

Cherry Hill is a community that values education. Issues that affect our children, schools, and community bring out strong emotions in all of us. The Board of Education takes seriously its vision to work with civility; please join the Board in sending a message to our students that even the most difficult issues can be addressed while showing respect for one another.

Thank you!

The Cherry Hill Board of Education
