

CHCLC Email Smart Phone Setup

This page will guide you on the basics of setting up common smart phones to access the CHCLC email system. There are many varieties of smartphones available for purchase, and each device may have unique menu choices or options required to utilize your phone. Should you need additional support on setting up or using your phone, please contact your phone provider with the information below for additional support.

General Email Settings:

Server Type: Exchange

Server Address: webmail.chclc.org

Domain: chclc.org

Username: <Your CHCLC username> (do not put @chclc.org)

Password: <Your CHCLC password>

iPhone
